A Message from the Chairman of the Board and the Executive Director

A Successful Merger

It was on February 7, 2017, that the dream of our directors and our team came true—to unite the Mental Illness Foundation and Fondation Québec Jeunes to form a new entity: Fondation Jeunes en Tête. The motivation behind this merger was simple: to help more adolescents in Quebec and to do so more effectively.

One year after this merger, we can already proudly say that we are on the right track. This success would not have been possible without your unwavering support. It is thanks to the loyalty of our donors and partners to the cause, the dedication of our volunteers, the energy of our employees, and the investment of the members of our Board of Directors, that we have not only been able to maintain our achievements, but also improve our impact in our first year.

Thanks to strategic thinking, we have chosen to position ourselves at the forefront of the cause of preventing psychological distress in adolescents. Through our Partners for Life program and the funding of youth aid organizations working on prevention, we help adolescents navigate through a pivotal stage in their lives. With lives saved, dreams can come true thanks to our joint effort!

This report allows us to look back on our journey and to present you with the exciting projects we have put in place this year.

On behalf of our youth, thank you for your support!

Éric Bujold

President, National Bank Private Banking 1859,
Chairman of the Board

Mélanie Boucher

Executive Director,
Fondation Jeunes en Tête

”

The problems faced by youth are our problems. By supporting our organization, you are helping make a difference in their lives.

**Stéphane Bellavance, spokesperson for
Fondation Jeunes en Tête**

Our Mission

Prevent. Support. Empower.

Our mission at Fondation Jeunes en Tête is to prevent psychological distress among youth aged 11 to 18 in Quebec.

We accomplish this mission by reaching out to teenagers in schools through our Partners for Life program, and by supporting recognized community organizations that complement our work.

We also create a synergy among all youth advocates and stakeholders in order to maximize our joint impact on young people.

Why choose the Foundation?

- ♥ The Foundation raises more than \$3 million each year. Our sound management allows us to keep our administrative costs at 10%. We can, therefore, allocate a high percentage of your donations to helping adolescents directly.
- ♥ We have developed an expertise and knowledge of the problems experienced by young people, so your donations are always invested to yield the best possible impact.
- ♥ By investing in the prevention of adolescent distress, it is possible to save almost 25% in public services per person over the course of their lives, as we would then avoid dramatic consequences requiring rehabilitation.
- ♥ Fondation Jeunes en Tête is also a catalyst for helping youth. How? Through research, the sharing of best practices, and the creation of a better synergy between organizations throughout Quebec.

**Making a donation ♥
to prevent psychological
distress among adolescents
is to contribute directly to
the future of our society.**

- Mental health
- Abuse
- Poverty
- Social exclusion
- Absence of protective factors

Consequences

Launch of the Foundation

The official launch of Fondation Jeunes en Tête took place on February 7, 2017, during a press conference at École secondaire Chomedey-De-Maisonneuve.

Dozens of journalists and youth aid workers were there to mark the event. The announcement received wide mainstream coverage from the Quebec media, on TV, in newspapers, and on the radio.

Highlights

Mental Health Difference Makers within our team

For Canada's 150th anniversary, the Centre for Addiction and Mental Health has honoured **150 Leading Canadians for Mental Health**, across the country.

The Foundation is very proud to announce that among the 28 Quebecers selected, three active members of *Fondation Jeunes en Tête* have been named:

♥ **Catherine Burrows,**
Assistant Executive
Director

♥ **Donald Bastien,**
Board Member

♥ **Dr Yves Lamontagne,**
Psychiatrist and
Board Member

A little earlier in the year, Donald Bastien received the **Jean-Phaneuf Merit Award for volunteer of the year in suicide prevention**, presented by the AQPS.

This award, named in honour of one of AQPS's founding members and volunteers, highlights the outstanding contribution of a volunteer who works to promote suicide prevention. Through his commitment to the Foundation, formerly known as the Mental Illness Foundation, Mr. Bastien has undoubtedly advanced the cause of mental illness and suicide prevention in Quebec.

”

Donald Bastien's continued volunteer involvement is an inspiration for our community as a whole. A commitment of 35 years to the same organization and to the same cause is remarkable. This expresses a deep commitment, an extraordinary dedication, and genuine convictions.

Jérôme Gaudreault,
General Director of the AQPS

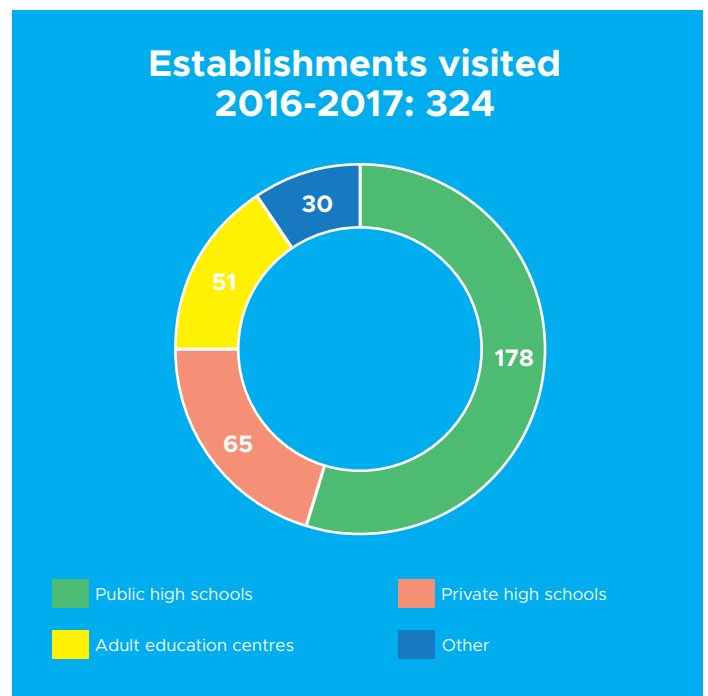

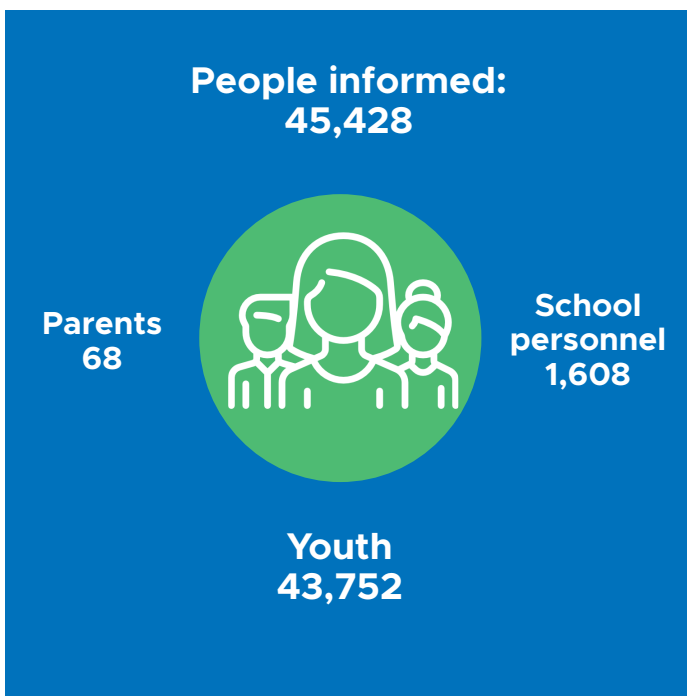

Partners for Life (PFL)

A program that makes our Foundation a leader in mental health

After nearly 20 years running, the Partners for Life program continues to attract the interest of schools due to its relevance and accessible format.

Widely recognized in the field of mental health as a quality program with a positive and significant impact on adolescents*, the program positions Fondation Jeunes en Tête as a leader in depression awareness but also as an important player in the fight against youth suicide.

Keep in mind that the program reaches an average of nearly 48,500 adolescents, parents, and school staff in more than 300 establishments annually **.

Each year, we invite schools to complete a questionnaire to assess our presentations and their impact. In 2017, 214 out of 324 schools responded to our invitation, which is 66% of them. They reported that:

465 adolescents consulted the school's resources following our visit, of which:

- ♥ **299** adolescents consulted for themselves
- ♥ **166** adolescents consulted for a loved one
- ♥ **233** received treatment, 34 of which were hospitalized following our Partners for Life presentation

Number of presentations from 2016-2017: **1,474**

Cities visited from 2016-2017: **128**

Regions covered from 2016-2017: **18**

Life is full of disappointments, but it is important to know how to differentiate between being in a low mood and suffering from depression, which is a treatable disease, but one that needs to be diagnosed without judgment.

So many people think that it is a sign of weakness to seek help when we are in pain, whereas it actually shows great courage. If I, myself, had been able to find reliable sources early on, if I had been encouraged to talk about it sooner, I would surely have avoided days and weeks of suffering in silence.

I align myself with Jeunes en Tête to make mental illness an open, non-taboo subject on which we can easily find information and no longer be afraid to speak about.

The presentations they put on in high schools, which I saw this year, are, in my opinion, the first step in educating young people, to undo the preconception that mental illnesses only affect adults, that it is all nonsense, that it is not “normal”, and that it is not true suffering

Pilot Project: Presentation for Secondary 1 Students

The need for early intervention

Seeing as 50% of mental illnesses appear before the age of 14 and in order to meet the high demand from schools, the Foundation has embarked on the development of a pilot project. This project will allow the Foundation to intervene even earlier and educate youth about wellbeing and the importance of good mental health, thereby preventing the emergence of major problems.

As was the case with the creation of the Partners for Life program in 1998, the Foundation continues to be at the forefront of innovation by bringing together different mental health experts in an effort to develop a groundbreaking and unique program to respond to a real demand: that of schools and of society as well.

”

Catherine Burrows,
Assistant Executive Director

The keys to good mental health

Intended for Secondary 1 students, this prevention program will rely mainly on workshops and exercises that will promote good mental health in adolescents. Specifically, and most notably through meditation workshops, the program will aim to increase young people's knowledge and skills in an effort to build and maintain a state of equilibrium in terms of mental health.

Whether on a personal or interpersonal level, young people aged 11 to 13 will discover the keys to keeping a healthy state of mind.

(Speaking of the PFL program) This conference encourages people to look around them and provides effective tools in serious cases. I think it is unfortunate that this conference is not presented to students before Secondary 3.

In my opinion, people are likely to become depressed as early as Grade 6. Providing them with the necessary tools when they believe that one of their friends is exhibiting one or more symptoms of depression, could help significantly

A Portrait of Youth Wellbeing

A comprehensive look to raise awareness and bring people together

In partnering with the INRS, the Foundation has taken on an ambitious mandate of providing a rigorous scientific portrait of the wellbeing of Quebec youth. Projected for 2018, this tool will be shared with various youth aid stakeholders so that everyone can offer better support to adolescents.

Until now, there hasn't been a study that provided a clear and, above all, comprehensive overview of the state of health and wellbeing of Quebec youth. Several statistics are available here and there but this data is so scattered that it does not really allow for joint action or contribute to general awareness!

Thanks to the excellent research and compilation work of the INRS, we will soon be able to highlight the fact that psychological distress is at the heart of the vast majority of problems experienced by adolescents—and that everything is connected. This information is needed to gather together all the youth aid stakeholders so that we can act in a stronger, more coherent fashion.

Partner, Lawyer,
BCF Business Law, Member
of the Board of Directors

Supporting Organizations

In 2017, Fondation Jeunes en Tête supported and collaborated with nearly 30 youth aid organizations throughout Quebec. These organizations work with adolescents struggling with various issues by means of innovative programs and projects.

Pro-Jeunes-Est de Rimouski-Neigette **Pour 3 Points** **SQUAT Basse-Ville** *Toujours ensemble*

Tandem-Jeunesse

By supporting various organizations who complements our action, the Foundation acts as a strong point of contact between all stakeholders of youth aid. This also allow us to maximize a common impact among young people.

Our youth have spoken!

I found myself living on the streets of Quebec with a serious substance abuse problem and fragile mental health. A street worker suggested I take part in a project funded by Fondation Jeunes en Tête and my whole life changed!

”

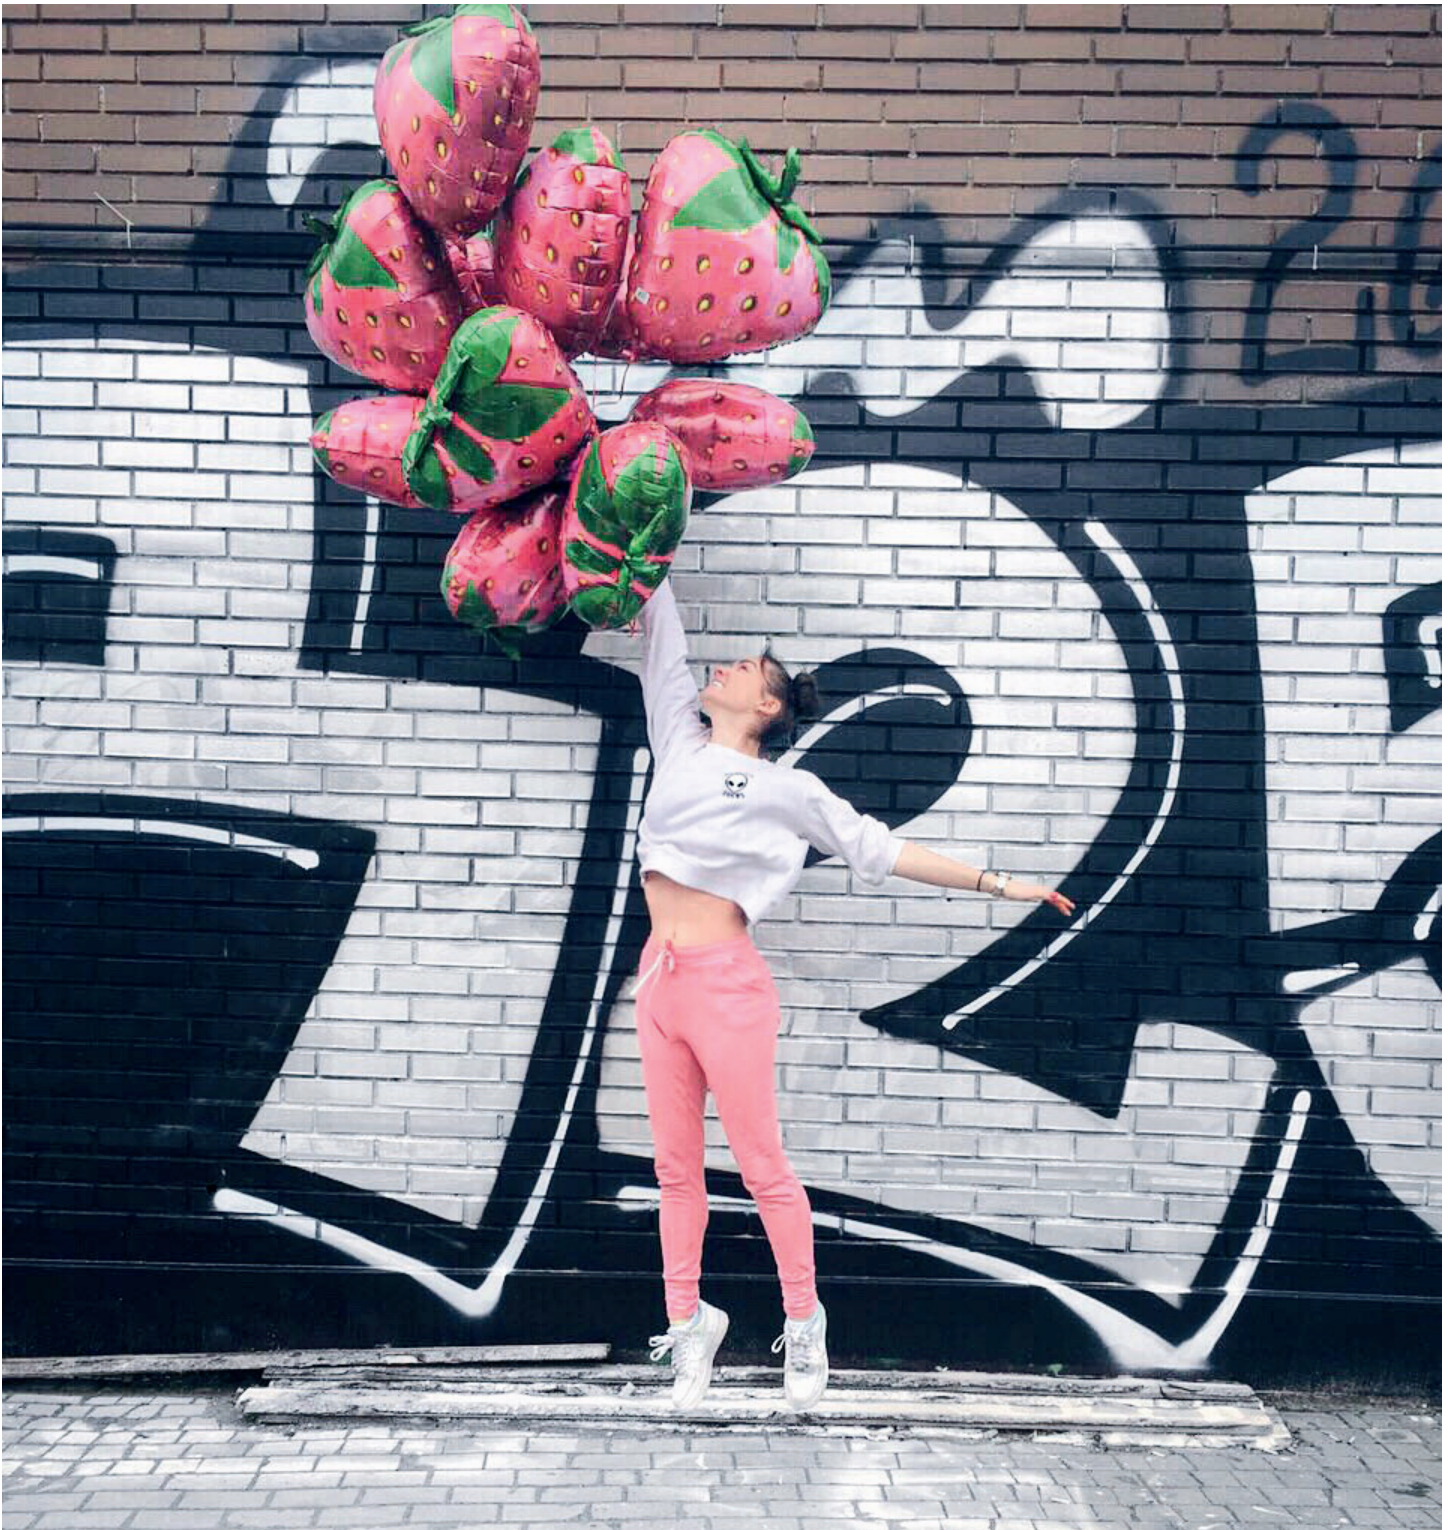

Sarah-Jeanne, 17 years old, addict, homeless, and a victim of parental negligence

Thanks to the **SQUAT Basse-Ville housing program**, for 12- to 17-year-olds funded by Fondation Jeunes en Tête, Sarah-Jeanne has now returned to school, has been sober for 18 months, and lives in transitional housing, all while benefiting from individualized monitoring .

... And this is just one story among many others!

It's important to remember that each year, the Foundation reaches nearly 20,000 adolescents through partner organizations.

Prix Inspiration

In recognition of extraordinary initiatives

For a 5th year, Fondation Jeunes en Tête has awarded its *Prix Inspiration* to the youth-focused organizations it funds that have stood out because of the effectiveness of their methods and interventions involving young people in difficulty.

Prizewinner for Montreal and other administrative regions: *Je Passe Partout*

Established in the Hochelaga-Maisonneuve neighbourhood of Montreal, *Je Passe Partout* has offered innovative academic and family support services for the past 30 years.

The organization stands out when it comes to school dropout prevention because of its twofold approach - divided between afterschool play sessions with youth and visits with their families.

Thanks to their collaboration with some 20 elementary and high schools and thanks to social services, their programs reach nearly 600 troubled youth aged 3 to 17 annually, as well as their parents, to offer adapted support.

Prizewinner for Quebec and Eastern Quebec: *Option-travail*

Option-travail is an organization that promotes progress and the socio-professional integration of individuals by helping them through their personal development process, orientation, career transition, as well as preparation for (and retention of) employment. It's a challenge that also involves encouraging adolescents to stay in school.

The Saint-François school is like a second chance school. We welcome young people who are experiencing great difficulties in the mainstream educational system and who think they've reached the end of the road. Young people here can study at their own pace but also blossom and discover new strengths and possibilities through our music program."

Lanie Desrochers,
Executive Director of the
Option-travail organization

Fondation Jeunes en Tête also highlighted the excellent work of the *Prix Inspiration* finalists.

Finalists for Montreal and other administrative regions:

- *Pour 3 Points*
- *Toujours ensemble*

Finalists for Quebec and Eastern Quebec:

- *Les Œuvres Jean Lafrance*
- *SQUAT Basse-Ville*

Fundraising Activities

Foundation Events

Each year, Fondation Jeunes en Tête holds several fundraising events in order to showcase our cause. In a sophisticated or convivial but always welcoming atmosphere, our guests are invited to discover our cause and to contribute with a generous gesture, all while creating memorable moments.

We are fortunate to be able to count on the involvement of the community as well as large corporations to act as ambassadors for youth-related causes.

Valentine's Day Ball

The 14th edition of the Valentine's Day ball held on February 9, 2017 at Windsor Station raised a net sum of **\$500,000**.

More than 600 people attended this event, which generated hope for adolescents. They were able to enjoy the decor worthy of a British manor from the last century, as well as British delights. We would like to thank our Honorary Co-Chairs **Sylvain Corbeil**, TD Commercial Banking, and **Nicolas Marcoux**, PwC, for their outstanding contributions.

Annual Golf Tournament

Once again, the Fondation Jeunes en Tête annual golf tournament, held on June 12, 2017, was a great success.

More than 220 people attended the event, which raised a record net sum of **\$375,000**.

Under the honorary co-chairmanship of **Steve Foley**, RBC Capital Markets, and **François-Xavier Souvay**, Lumenpulse, the event took place on a beautiful sunny day at the Elm Ridge Country Club in Île-Bizard.

Gala Accroche-Cœur

Under the honorary chairmanship of **Jean-François Grenier**, Mosaic, and **Jean-Daniel Labbé**, Fido, the 15th edition of the *Gala Accroche-Cœur*, which took place at TOHU on November 2, 2017, raised **\$72,000** for adolescents.

Silvi Tourigny, Jean-Michel Anctil, Etienne Dano, Daniel Grenier, Philippe-Audrey Larue St-Jacques, Olivier Martineau, Sebastien Ouellet, Martin Petit, and Louis T came to lend Stéphane Bellavance a helping hand during this comedy show, which brought together the general public and the business community.

Bal du maire de Québec

It was under the honorary chairmanship of the President and CEO of SSQ Financial Group, **Jean-François Chalifoux**, and under the sponsorship of Régis Labeaume, Mayor of Québec, that the 7th *Bal du Maire de Québec* took place on December 1, 2017.

With its “Japanese Spring” theme, this philanthropic event was a resounding success as the 520 guests from the business community raised a net sum of **\$405,000**.

Ambassadors for the Cause

Each year, we can count on the support of people who wish to make the world a better place and who choose to give their time and money to our cause: the prevention of psychological distress among Quebec youth.

Let's Bond

Let's Bond is a group of committed and dynamic young Montreal professionals dedicated to raising funds to break the taboos surrounding mental illness.

Through the second edition of the highly anticipated shopping event "*En Vogue avec Holt*", Let's Bond donated **\$7,000** from ticket sales and 10% of the evening's sales to the Foundation. This exclusive event, which took place on May 3, 2017 at Holt Renfrew Montreal, attracted more than 600 guests.

Selling out in just a few hours, the 7th edition of the annual ball "Let's Bond, Spectre", rallied together and thrilled more than 900 young professionals and entrepreneurs all united for the cause of mental illness.

This elegant and bold urban ball, which took place at Salon 1861 on October 13, 2017, raised a record sum of **\$350,000** — 60% of which was donated to Fondation Jeunes en Tête to support its mission to raise awareness among adolescents. This evening also highlighted the fact that since its inception (in 2011), the event has already raised more than \$1 million for the cause of mental health..

Défi Challenge Québec 800

Made up of teams of 8 riders, the *Défi Challenge Québec 800* is based on a 4-day relay race. It's an adventure that takes place over almost 800 km and promotes challenging oneself in the spirit of solidarity with Fondation Jeunes en Tête, as well as youth in distress or those in danger of becoming distressed.

In 2017, the event raised **\$16,200**: an amazing achievement for this 2nd edition!

NB Grand Tour

The roughly 200 National Bank employees who travelled nearly 450 km in the region of Mauricie from July 7 to 9, 2017, can proudly say, “mission accomplished”.

The cyclists and volunteers from the National Bank were able to surpass the objectives set for the event, having raised the sum of **\$170,000** for this 7th edition.

Events organized by young people, for young people! ❤️❤️❤️

Adults are not the only ones to rally together and be generous!

Whether it was through the basketball tournament organized at Marianopolis College or the “*Je bouge pour ma santé globale*” sports challenge, in 2017, adolescents showed us that they also wanted to get involved in the cause!

We are grateful and proud to be surrounded by citizens and businesses dedicated to youth wellbeing and mental health. A sincere thanks to all those who make a difference by our side, through independent events and fundraising! Thank you to **Lory Roberge, Rejean Fournier, Dominique Deshaes, Tony Oliveira, Lynda Allard, Carla Apostolova, Gabriel Guimond-Mercille, Chris Harden, Natalie Nadaira, Sonia Katiya, and Danny Dery.**
